Thermostatic mixing valve for shower and bath

Product description

Brass thermostatic mixer, designed with diverter for outlet upwards to overhead shower and with outlet downwards to hand shower. The mixer has 150 mm c/c connection and is equipped with type approved check valve in the main water supply line.

Intended use

Thermostatic mixer for shower and bath.

Scope

HASSEL & TEUDT, article number: HBT900.

Approval

The products meet the requirements of Chapter 8, Section 4, of the "Planning and Building Act" (PBA) regarding the technical characteristics of construction works, "3. Protection with regard to hygiene, health and the environment", depending on, that what is stated in this approval is followed. The products are approved according to the following section(s) of "Boverket's Building Regulations" (BBR):

Construction products with assessed properties	1:4
Tap water installations	6:62
Tap water flow	6:623, first sentence
Back flow	6:624
Design	6:625, paragraph 1 and 4

Control

The manufacturers' continuing internal control is combined with surveillance inspections conducted by an accredited Inspection Body.

Inspection Body: **DTI**

Inspection agreement: **157 incl. Appendix A, dated 2023-06-08.**

Factory production control shall be carried out in accordance with the current instructions for control.

During inspection at the construction site, the building proprietor must verify the identity of the product by means of the marking. Furthermore, the building proprietor must ensure that the correct products are delivered and that they are installed in accordance with the manufacturer's instructions in the accompanying documents. It must also be verified that the product is accompanied by a manufacturer's declaration that certifies that production has been carried out in accordance with the documents that formed the basis for this type approval.

The validity of the Swedish Type Approval also implies that the factory production control is carried out according to the current agreement and that the holder annually fulfils the requirement in "Boverket's regulations and general recommendations for type approval", BFS 2013:6, § 5 (TYP 7), on continuing internal control. The holder shall annually, at the latest on the 15th of December, report to Kiwa Certification AB at the e-mail address se.annualreporting@kiwa.com about continuing surveillance.

Associated documents

Installation instructions HBT900, prepared by Bad & Stil.

The assessment basis for the approval

Test report 2023:00419 by SINTEF.

Assessment report 351/2023, dated 2023-06-27 by Kiwa Certification AB.

Comments

- Product is verified according to EN 1111:2017.
- The thermostatic mixing valve is available in various surface finishes such as: chrome, matt black, polished brass, PVD brushed steel, PVD brushed copper and PVD matt gun metal.

The Type approval is valid provided that the product shall neither be CE marked according to the Construction Product Regulation (EU) No 305/2011 (CPR), nor has it been suspended or withdrawn by Kiwa Certification AB.

Date of decision: 2023-06-29

Registration number: 351/2023

Valid until: 2028-06-28
